

OCTOBER 1-2 · THE DRISKILL HOTEL · 604 BRAZOS STREET · AUSTIN, TX

Transforming Service for the Future of Work at EV CONNECT 2019

This engaging two-day event combines hands-on training and real-life case studies to demonstrate how to modernize service delivery with intelligent service automation technologies.

NETWORK: Gain access to the strongest EasyVista resources on the planet and form valuable relationships with like-minded EasyVista customers from around North America.

SHARE: Explain how you have advanced your individual EasyVista implementation and see how others are using EasyVista across all industries and within unique use cases.

LEARN: Participate in two separate training tracks, with more hands-on technical session topics, allow you to take back purposeful skills that add immediate value to your company.
